

Call for Papers

Area 6: Organic Photovoltaics

Chair: David Ginley, National Renewable Energy Laboratory, USA

Co-Chair: Eva Bundgaard, Risoe, Denmark

Co-Chair: Darin Laird, Plextronics, USA

Sub-area 6.1: New Materials for Absorbers and Donors in Excitonic Solar Cells

Sub-area 6.2: Materials and Approaches for Contacts for Organic Photovoltaic Devices

Sub-area 6.3: Lifetime and Stability in Organic Photovoltaics

Sub-area 6.4: Device Concepts for Excitonic Solar Cells

Dear Colleagues,

On behalf of the technical program committee it is our pleasure to invite you to submit papers for **Area 6: "Organic Photovoltaics"** of the 37th IEEE Photovoltaic Specialists Conference, which will be held in Seattle, Washington, the week of June 19-24 2011. The IEEE PVSC meeting is the established international platform for presenting PV related research of high scientific level.

Please check our website for the 37th IEEE PVSC at www.ieee-pvsc.org. Please, submit your extended abstract of three pages in length before the deadline of **February, 21, 2011** using the conference website.

Looking forward to seeing you all in Seattle.

Sincerely,

David Ginley, National Renewable Energy Laboratory, USA

Area 9 Chair

Eva Bundgaard, Risoe, Denmark

Darin Laird, Plextronics, USA

Area 9 Co-Chairs
